Milan, July, 2024

TMS Group, a licensing expert in the premium fashion industry, announces the renewal of the international licensing agreement for Just Cavalli watches and jewelry.

This extended partnership builds on a successful collaboration that began in 2017. TMS will continue to design, manufacture, and distribute Just Cavalli timepieces and jewelry collections, ensuring the brand's signature style reaches a global audience of young, fashion-forward consumers.

Just Cavalli Time & Jewel collections are known for their bold designs, inspired by iconic Cavalli patterns, reinterpreted for a contemporary aesthetic. The Italian heritage and modern edge of the brand are reflected in each piece to convey the Just Cavalli legacy with a touch of rebellion and youthful energy.
